ABOUT ME

I am a professional freelance graphics designer, visual artist, illustrator and 2d/2d+ Animator who is currently striving to become a Flutter Developer for both web and mobile development and in general, I am a creative.

PROJECTS

My Portfolio

This is a portfolio I wrote/coded using pure HTML and CSS/SASS after three months of starting my journey to become a developer.

https://portfolio-project-tan.now.sh/

Automatesolutions.ng AD

This an advert/explainer video for a company that automate business and optimizes business traffic by creating BOTS for businesses and a landing page to explain their business.

https://drive.google.com/file/d/1F-MGWZ_dHIyEQHqX-B0o1p_pXmUNJUSu/view?usp=sharing

ShapShap AD (Users)

The users AD for a company into on-demand marketing and Delivery service production designed and animated by me.
